Art Unit: 1711

Restriction to one of the following inventions is required under 35
 U.S.C. 121:

- I. Claims 1-55 and 100-136, drawn to a computer readable medium, classified in class 360, subclass 69.
- II. Claims 56-78 and 137-144, drawn to method claims, classified in class 521, subclass 82.
- III. Claims 79-99, drawn to a controller for delivery of blowing agent, classified in class 345, subclass 418.

The inventions are distinct, each from the other because of the f llowing reasons:

2. Inventions II and I, III are related as product and process of u.

The inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the product as claimed can be practiced with another materially different product or (2) the product as claimed can be used in a materially different process of using that product (MPEP § 806.05(h)). In the instant cas the controller and computer can be used for controlling and measuring the amount of insulin in treating a diabetic.

Application/Control Number: 09/826,603

Art Unit: 1711

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by the ir different classification, restriction for examination purposes as indicated is proper.

A telephone call was made to Mr. Robert Walat on Sept. 3, 2003 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined Applicant even though the requirement be traversed (37 CFR 1.143).
